

No matter where you are eating there are healthy choices that deliver on nutritional benefits!

Eggs Full of lutein to protect your eyes from macular degeneration in

later life and mineral-rich high quality protein! Even if you have high cholesterol, having 3 eggs / week is not a

problem.

Pizza We all love our pizza! The nutritional benefits start with

calcium in the cheese, to lycopene in the tomato sauce! To choose the pizza lowest in fat and sodium look for:

one-meat topping; stick to the thinner crusts!

Cereal Breakfast is the most important meal of the day, right?

Studies show that eating breakfast improves academic performance; alertness; memory; mood and may even help you keep slim! When it comes to a healthy breakfast it's hard to beat a bowl of whole grain cereal! Enjoy whole

grain cereals like Raisin Bran, All Bran and Cheerios

Oranges It's true oranges are an excellent source of vitamin C.

One medium orange delivers ~ 30 mg vitamin C (women need 75mg/ men 90mg of vitamin C daily). They also delivers on other antioxidants, folate, potassium and soluble fibre. Enjoy them as a juicy dessert or a mid-day

snack!
